

1. Cut out the sock pattern.
Fold a piece of felt or fabric of your choice in equal halves.
Pin the pattern to the fabric and cut around the pattern to make 2 halves of the sock.

2. Glue along the edges of one half of the sock, leaving the top opening unglued.
Apply the second half of the sock on top of the first half.
Press together and wait for 3 minutes until the glue sets.

3. Cut out the cuff pattern.
Fold a piece of felt or fabric of your choice in equal halves.
Pin the pattern to the fabric and cut around the pattern.
Glue each half of the cuff to the sock first, and then together, leaving the opening unglued.
Now decorate! And don't forget to write your name on the cuff!
